### CARBON CORE

HONEYCOMB ENGINEERING

Material	Safety Da	ata Sheet: CarbonFoam PE	
1. Identificati	on of Substa	nce / Preparation and of Company	
Trade Name:	CarbonFoam F	PE60,80,90	
Use of Preparation	Structural core	e for sandwich composites	
Manufacturer	Carbon-Core ( 6812 Spring H Ruckersville, V tel. 434-990-9 info@carbon-6	lill Rd. /A 22968 9909	
2. Compositio	n		
Chemical Name	ne Expanded interpenetrating network polymer (IPN) Between a thermoset matrix mainly constituted by Polyether linkages and a thermoplastic polymer		
CAS Number N/A			
Quantity	100%		
3. Physical Da	ta		
Appearance -Rigio	l foam	Melting Point -Does not melt	
Odor -Odo	rless	Vapor PresN/A sure at 20°C (68°F)	
Density -60 k	g/m³ (5 lb/ft³)	Solubility in -Insoluble Water	
4. Identificati	on of Danger		
Health Danger	Not dange	rous according to the UE criteria	
Environmental Dar	nger Not dange	rous according to the UE criteria	
5. Fire and Ex	plosion Haza	rd	
Flash Point		>300°C	
Extinguishing Media		Water, dry chemicals, CO2, foam	
Special Fire Fighting Procedures		None	
Special Fire Fighting Protections		Adequate to fire extinguishing	
Unusual Fire and E	xplosion Hazard	Dust collecting system must be protected from electrostatic energy accumulation	
ATERIAL SAFETY DAT	A SHEET	Page 1 of

# **CARBON** CORE

HONEYCOMB ENGINEERING

6. Healt	h Hazard D	Data		
TLV-TWA:	For the dust	10 mg/m³		
Effects: Skin Absorptio Eye Contact		ion -No hazard known		
		-In case of contact with eyes, only mechanical annoyanc- es are possible		
	Inhalation	<ul> <li>-long-term exposure may lead to unspecified bronco- pulmonary pathologies but there are no epidemiological evidences</li> </ul>		
	Ingestion	-No risk known for small quantities		
7. Emer	gency and	First Aid Procedures		
Clothes Co	ntact N/A			
Eye Contac	ct Consu	Ilt a physician in case of lasting or painful irritation		
Skin Conta	ct N/A			
Inhalation	Trans	port to medical facility in case of serious breathing difficulties		
Ingestion	Consu	Ilt a Physician only in case of very large amounts swallowed		
8. React	ivity Data			
Stability		Stable		
Condition to Avoid Exp		Exposure to flames		
Chemical I ity	ncompatibil-	None		
Hazardous tion produc	decomposi- cts	None at RT		
Hazardous tion	Polymerisa-	Will not occur		
9. Spill o	or Leak Pro	ocedures		
Personal Pr	otection N/	Ά		
Disposal M	ethod As	for all inert solids		
10. Spec	cial Protec	tion Information		
Respiratory	/ Protection	Dust mask		
Hand Prote	ection	Usually not necessary, leather gloves protect from abrasions		
Eye Protect	tion	Goggles		
Skin Protec	ction	Usually not Necessary		
11. Haza	ard Classifi	cation Information		
EEC Classification N/A				
	tion Classifica	· · · · · · · · · · · · · · · · · · ·

# CARBON CORE

HONEYCOMB ENGINEERING

12. Special Precautions			
Handling	Wear a dust-mask in case of very high dust concentration		
Storage	Provide adequate fire fight facilities		
Chemical incompatibility	None		
13. Environmental Information			
Environmental Behavior	In normal conditions, inert		
Eco-toxicity	N/A (the product is not water soluble)		
Behavior in depurative implants of water drain	N/A		
Content in CSB, BSB e AOX	N/A		
Precautions	Keep the product away from watercourses and water drains or it will penetrate into ground		

#### 14. Consideration of Disposal

Follow the UE directions, as well as the local, regional, and national dispositions. According to the local prescriptions, it can be reduced to ashes in appropriate plants. Use the disposal code for the typological and methodological treatments according to the Environmental Protection Agency (EPA). The recycle has to be done according to the national standards and to the environmental protection rules.

#### **15. Regulatory Information**

Classification and labeling according to DoT regulation: Not Required TLV/TWA limits: Not Applicable

#### **16. Other Information**

The information provided on this MSDS is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any process, unless specified in the text. No responsibility is assumed for any damage or injury resulting from abnormal use or from any failure to adhere to recommended practices. The information provided above, and the product, are furnished on the condition that the person receiving them shall make their own determination as to the suitability of the product for their particular purpose and on the condition that they assume the risk of their use. In addition, no authorization is given nor implied to practice any patented invention without a license. This Material Safety Data Sheet complies with basic regulatory requirements on the date of publication. This document should not be relied upon for compliance with the laws and regulations of individual states and or countries without the appropriate local adaptations.

We do not accept responsibilities for workers' behaviors non-conforming to the contents of this document. The users are directly responsible for both their industrial hygiene and their wastes' disposal.
